

GREAT IDEAS FOR YOUR PETS VIDEO

Make your pets video the best it can be!

- 🐾 Your video can be totally planned out or you can fly by the seat of your pants. Do a run-through in your mind to get things just right, or just set up the camera and wing it!
- 🐾 Don't stress out too much trying to make it perfect - just keep it real.
- 🐾 If you make a mistake, don't start over. Just go with it, like you would if you weren't recording! We'll clean it up in the editing room if we think it needs fixing!
- 🐾 Remember to have fun!
